WHY IS SAE - ENQP Academy™ FOR YOU?

The advanced knowledge and experiences which SAE ENQP™ Academy Program offers to you, are not just unique, advanced, sustainable. It also enable what every healthy, advanced Society strives for.

Naimly: on the SAE ENQP™ Academy Program you will get knowledge about mode of growing, energy alive crops for energy alive food (vegetable, berries, fruits,...), with innovative, advanced, sustainable, natural bio quantum biostimulants, which are not contain measurable active substances. Such effective mode of naturally growing energy alive crops for energy alive food is in my country Slovenia already 8 years practical fact!

Energy alive food indeed nourish consumers, not only saturate them.

Energy alive food allow to consumers that they may indeed developed their full potentials.

Energy alive food strengthen own vital Life energy of consumers and thus also strengthen own immunology of consumers.

Mode of growing of energy alive crops with our Natural Bio Quantum biostimulants has more than effective impacts on the fields of crops growing. Impacts of treating with them at the same time strengthen energy balance of sprayed ecosystems. In this way, such treatings also make POSITIVE CONTRIBUTIONS of naturally eliminating those causes of climate change that arise from the impacts of Disrupted natural energy balance in ecosystems.

WHY IS SAE - ENQP Academy™ FOR YOU?

The SAE - ENQP™ Academy Program is creating and sharing a **CROSS DISCIPLINARY KNOWLEDGE AND PRACTICAL EXPERIENCES** and results from field of our **Natural quantum biostimulants technology / our products – Natural Quantum biostimulants**. They exceed the boundaries between departmental, institutional, industrial, public, private research organizations and global barriers and leads to the integration of our applicative researches and knowledge in the vital field of **Natural quantum biostimulants without active substances**.

Field of Natural quantum biostimulants lend itself to the integration of Applied Contemporary / Quantum Physics, Natural Powers/ Energy Forces, Applied Biology, Applied Chemistry, Agricultural Science, Agro-Homeodynamics and our practical knowledge and experiences gained by development, production and agricultural use of our breakthrough innovative, natural, quantum biostimulative products without measurable active substances. Successfully they are already eight years used (*for agricultural production of all types of crops*); with their Natural quantum biostimulative properties *they are effective* for the care and strengthening of plants own vitality and so implicate plants own immunology – resistance to the plants pests, plants diseases, plants stress. Their effects at the same time strengthening energy balance of treated ecosystems. 61 of these products are in Slovenia also allowed / certified as compliance for use in organic mode of crops growing.

As the company that develop(ed), sale and manufacture these products, we receive many different questions, mainly from abroad. This is of course good, but the fact is that there are no instant quick responses that would make people "enlighten" so as grasp and understand the efficacy of these products without active substances. KEY RESPONSES to the many global nowadays challenges must be indeed very advanced. "Problems can not be solved at the same level of consciousness that created them". (*A. Einstein*).

Such indeed advance example is for sure of very advanced, breakthrough innovative mode of naturally growing energy-alive crops for energy alive food. The advanced knowledge and experiences which offers you **SAE –ENQP™ Academy Program**, are not just unique, they also enable what every healthy, advanced society strives for. Namely: energy alive food indeed nourish consumers, not only saturate them. Energy alive food allow to consumers that they may indeed developed their full potentials. Energy alive food strengthen own vital Life energy of consumers and thus also strengthen own immunology of consumers. Mode of growing of energy alive crops with our Natural Bio-Quantum biostimulants has more than effective impacts on the fields of crops growing. Impacts of treating with them at the same time strengthen energy balance of sprayed ecosystems. In this way, such treatments also make POSITIVE CONTRIBUTIONS of naturally eliminating those causes of climate change that arise from the impacts of the disrupted natural energy balance in ecosystems.

ANSWERS TO BASIC QUESTIONS: FOR WHOM, HOW LONG WILL IT TAKE, WHERE AND WHEN

FOR WHOM

This Academy is suitable for:
-agricultural consultants,
-policy makers for agriculture and climate change mitigation,
-bigger distributors sale nets,
-development staff in companies from agricultural field (plants care, natural-quantum biostimulative growing technologies),
-for those, who want this aquired knowledge continie by share it as certified lecturers, trainees, consultants.

After finnished Academy my company will grant certificates and to also license for implementation of educational programs for those, who will be interested for such way of further business cooperation with us. **This rare important knowledge and experiences should be also on this way globally available to much more farmers world-wide .**

HOW LONG WILL IT LAST

The Program content of this Academy lasts 36 days of training and is divided into six educational modules, which are carried out in three consecutive years.

Each training module lasts six days - from Monday to Saturday inclusive.

Two training modules are implemented per year.

The interval between training modules lasts some months.

WHERE AND WHEN

SAE-ENQP Academy™ will be implemented on-line!
Two possible ways to apply:

•APPLICATIONS OF CLOSED GROUPS FOR PARTICIPANTS (*participants from the same company, the same groupation, the same institution*): the Applicant is the responsible person of the legal entity, minimum number of participants in one group: 30, maximum no. of participants: 100. Dates for all Modules are agreed during the application process. Advance payments of full tuition fee for whole closed group of paricipants is mandatory.

•APPLICATIONS FOR INDIVIDUALS: Dates of implementation of Modules: in accordance [with the Announcement from lecturer on this website!](#) Registration and advance payments of full tuition fee for each individual participant must be arranged within the deadline annouced.

How SAE - ENQP Academy™ Program may help to you, to masses of people and to the World - that is and will be Life possible also in future, that Life will be easier and better - for us, for our childrens, for next generation and for our Planet

Regarding [our breakthrough, innovative, energized and sustainable products without measurable active substances](#) people world-wide want and need to better understand [this mode](#) of naturally growing [energy alive crops for energy alive food](#).

Namely, by using these bio-quantum natural biostimulants, by strengthening own vitality and through it also by strengthening own resistance of sprayed (*treated*) agricultural plants, we also strengthen the energy balance in sprayed ecosystems.

So I decided to share our rare, high valuable, innovative knowledge and own experiances, which allow us to did and to do this important and great job for agriculture without using of pesticides (*or / and products with active substances that affect the consequences of plant diseases, pests, stress*), as well as [to contribute to mitigation Climate changes](#).

[Our products](#) contribute to the necessary naturally adaptation of agricultural plants due to the consequences of Climate change, they contribute to reduce some of the impact of agriculture related on Climate change. Thus [those natural bioquantum biostimulants](#) enter in the field of Natural Balance of ecosystems at their energy level and strenghten it per Natural Order!

ABOUT IMPLEMENTATION MODE OF SAE-ENQP™ ACADEMY

- SAE ENQP™ Academy, which will start in 2021, will be implemented on - line.
- The online implementation mode will be used for all six modules.
- Lectures will be conducted in English language. Communication on SAE ENQP™ Academy will be English.
- Every participant of this SAE ENQP™ Academy Program, must have access to the use of Zoom on the Internet during the implementation of all six modules.
- All lectures will be conducted in English language.
- We will exchange tasks for individual work and the results of individual work by email, so it is mandatory for all participants to have a registered active email address and to master this communication technique.

FIRST YEAR OF ACADEMY PROGRAM

MODUL ONE

I. Introduction

- Introductory greeting
- Introduction of the organizer of the Academy as well as lecturer
- Introduction of participants
- Presentation of Academy program
- Schedule
- Technical notes

II. “Who is Gaia”

- **Persuasive matter - illusion and facts**
- Wisdom of plants - how it shall sustainably serve humanity
- Plants and free energy (Part 1)

III. Practicum

IV. Cases from our best practice of use of our innovative, energized, sustainable, homeodynamic, products **without active substances** for strengthening plant vitality and thus implicitly their own immunology, their own resistance to plant diseases, pests, stress. (Case1)

V. With which sustainable goals and how to convert plants & minerals into their own alive energy? (Part 1)

FIRST YEAR OF ACADEMY PROGRAM

MODUL TWO

I. Energy intelligence of plants and ecosystems

Types and characteristics of plant vibrations and their significance

- Biophotonics
- Scalar fields of plants
- Electromagnetic waves
- The shape of the energy patterns of plants
- The energy life of plants and its connection to the Energy network of life (starting points)
- Alive bio energy from plants
- Bioelectric fields regarding to plants growth cases from science and from practice

II. Practicum

III. Energy life of plants, plants life forces, the energy role of minerals in plant life

- Plant's life forces
- The energy role of minerals in plant life
- Synchronous energy connections of plant energy fields into the energy network of life
- Non-synchronous energy connections of plant energy fields into the energy network of life
- Triggers of evolutionary processes
- Dynamic energy balance – as a condition of successful plants adaptations to evolutionary processes
- Geomagnetic eEarth field and plants

IV. Cases from our best practice of use of our innovative, energized, sustainable, homeodynamic, products **without active substances** for strengthening plant vitality and thus implicitly their own immunology, their own resistance to plant diseases, pests, stress. (Case2)

V. How to convert plants & minerals into their own energy? (Part 2)

SECOND YEAR OF ACADEMY PROGRAM

MODUL THREE

I. Energy balance of plants

-Dynamic energy balance in plants, own vitality of plants, own plant immunology, own plant resistance

-Dynamic energy balance in plants,

-Dynamic energy balance in plants related to own plant immunology

-Dynamic energy balance in plants with regard to their own vitality

-Dynamic energy balance in plants with regard to their own plant resistance

-Dynamic energy balance in plants and soil

-Dynamic energy balance in ecosystems

II. Practicum

III. Some concepts of plant intelligence

-Homeostase

-Homeodynamics

-Hormose and plant biology

-Xenohormesis

-Importance of hormesis and xenohormesis in evolution - for plants and ecosystems

IV. Cases from our best practice of use of our innovative, energized, sustainable, homeodynamic, products **without active substances** for strengthening plant vitality and thus implicitly their own immunology, their own resistance to plant diseases, pests, stress. (Case3)

IV. How to convert plants & minerals into their own energy? (Part 3)

SECOND YEAR OF ACADEMY PROGRAM

MODUL FOUR

I. Individual vortex of plant's and plants shapes

- Their differences among plant species
- Differences within the same kind of variety of plants - from where they originate, what causes them
- Energy forms of patterns in alive plants
- Energy signature of specific plant

II. Practicum

III. Complex and individual vortex of ecosystems

- Individual vortex of ecosystems
- Typical vortices of ecosystems

IV. Cases from our best practice of use of our innovative, energized, sustainable, homeodynamic, products **without active substances** for strengthening plant vitality and thus implicitly their own immunology, their own resistance to plant diseases, pests, stress. (Case4)

V. How to convert plants and minerals into their own energy (Part 4)

Third YEAR OF ACADEMY PROGRAM

MODUL FIVE

I. Plants and current Climate change

- Climate change and their consequences in the light of stressors for plants and natural ecosystems
- Energy level of plants and adaptation to Climate changes

II. Agricultural plants and current climate change

- Climate change and their consequences in the light of stressors for agricultural plants and agriculturalecosystems
- Energy level of agricultural plants and their adaptation to Climate changes

II. Climate changes and plants photosynthesis regarding to ratio of isotopes C₁₂/C₁₃

- Isotope C₁₂ / C₁₃ and their changing ratio in relation to current Climate change
- Isotope C₁₂ / C₁₃ and their changing ratio in association with plant photosynthesis

III. Practicum

IV. Cases from our best practice of use of our innovative, energized, sustainable homeodynamic, products **without active substances** for strengthening plant vitality and thus implicitly their own immunology, their own resistance to plant diseases, pests, stress. (Case5)

V. How to convert plants & minerals into their own energy? (Part 5)

THIRD YEAR OF ACADEMY PROGRAM

MODUL SIX

I. How to recognize “energy signature” of plants?
Using for their recognition labs or our (dormant, forgotten) tools or both of them?

-Natural plants frequencies – part of language of Nature, which enable Intelligence of Nature

-Natural energy influence on (agricultural) plants to strengthen their balance - their vitality and thus implicitly their own immunology, their own resistance to plant diseases, pests, stress.

-Plants and free energy (part 2)

II. Practicum

IV. Cases from our best practice of use of our innovative, energized, sustainable, homeodynamic, products **without active substances** for strengthening plant vitality and thus implicitly their own immunology, their own resistance to plant diseases, pests, stress. (Case6)

V. How to “convert” plants into their own energy ?
(Part 6)

VI. Conclusion

VII. Ceremony of awarding certificates
