HOW THIS OUR ACADEMY HELPING TO YOU, TO MASSES OF PEOPLE AND TO THE WORLD, THAT IT IS AND WILL BE LIFE STILL POSSIBLE, EASIER AND BETTER - FOR US AND FOR OUR PLANET

Regarding our breakthrough, innovative, energized and sustainable products without active substances (for strengthening plants vitality and thus implicitly also their own resistance to diseases, pests, stress), people world-wide want and need to better understand their concept to be wider understand about such kind products developing, producing and operating. So we decided to share our rare, high valuable, innovative knowlwdge and own experiances, which allow us to did and to do this important and great job for agriculture without using of pesticides (or / and products with active substances that affect the consequences of plant diseases, pests, stress), as well as to mitigation Climate changes. Our pructs contribute to the necessaryadaptation of agricultural plants due to the consequences of climate change, as well as contribute to reduce the impact of agriculture because of use of pesticide-impacts related on Climate change.

ANSWERS TO BASIC QUESTIONS: FOR WHOM, HOW LONG WILL IT TAKE, WHERE AND WHEN

FOR WHOM

This Academy is suitable for:

- agricultural consultants,
- policy makers for agriculture and climate change mitigation,
- agricultural consultants,
- bigger distributors sale nets,
- development staff in companies from agricultural field (plants care, growing technologies),
- to those, who want this acquired knowledge continue to share as certificied lecturers, trainees, consultants.

After finished Academy my company will grant certificates and also license for implementation of educational programs for those, who will be interested for such way of further business cooperation with us. This knowledge and experience should be also on this way world-wide available to much more farmers .

HOW LONG WILL IT LAST

The Program content of this Academy lasts 36 days of training and is divided into six educational modules, which are carried out in three consecutive years.

Each training module lasts six days - from Monday to Saturday inclusive.

Two training modules are implemented per year.

The interval between training modules lasts six months.

WHERE AND WHEN

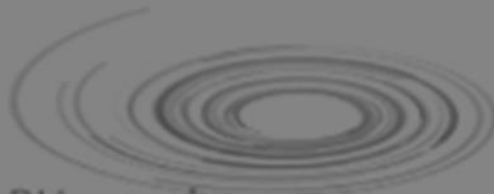

The exact location will be from the organizational causes message to participant after the completion of the applications. FOR THE ORGANIZATION REASONS OF SEMINARS, TO ALL PARTICIPANTS WE PROPOSE ACCOMMODATION IN THE SAME HOTEL WHERE THE ACADEMY WILL BE PERFORMED. ABOUT DETAILS WE WILL NOTIFY PARTICIPANTS ON THE TIME. The natural and beautiful environment on the Slovenian coast will support our work during the Academy. **Make sure of that ON THIS PHOTO PRESENTATION!** On this location there is also Landscape Park with old, still operating salt pans, which will give us suitable and needed energy support for work.

FIRST YEAR OF ACADEMY PROGRAM

MODUL ONE

I. Introduction

- Introductory greeting
- Introduction of the organizer of the Academy as well as lecturer
- Introduction of participants
- Presentation of Academy program
- Schedule
- Technical notes

II. Who is Gaia

- **Persuasive matter - illusion and facts**
- Wisdom of plants - how it shall sustainably serve humanity
- Plants and free energy

III. Practicum

IV. Cases from our best practice of use of our innovative, energized, sustainable, homeodynamic, products **without active substances** for strengthening plant vitality and thus implicitly their own immunology, their own resistance to plant diseases, pests, stress. (Case1)

V. With which sustainable goals and how to convert plants & minerals into their own alive energy? (Part 1)

FIRST YEAR OF ACADEMY PROGRAM

MODUL TWO

I. Energy intelligence of plants and ecosystems

Types and characteristics of plant vibrations and their significance

- Biophotonics
- Scalar fields of plants
- Electromagnetic waves
- The shape of the energy patterns in plants
- The energy life of plants and its connection to the Energy network of life (starting points)
- Alive bio energy from plants
- Bioelectric fields regarding to plants growth cases from science and from practice

II. Practicum

III. Energy life of plants, plants life forces, the energy role of minerals in plant life

- Plant's life forces
- The energy role of minerals in plant life
- Synchronous energy connections of plant energy fields into the energy network of life
- Non-synchronous energy connections of plant energy fields into the energy network of life
- Triggers of evolutionary processes
- Dynamic energy balance – as a condition of successful plants adaptations to evolutionary processes
- Geomagnetic eEarth field and plants

IV. Cases from our best practice of use of our innovative, energized, sustainable, homeodynamic, products **without active substances** for strengthening plant vitality and thus implicitly their own immunology, their own resistance to plant diseases, pests, stress. (Case2)

V. How to convert plants & minerals into their own energy ? (Part 2)

SECOND YEAR OF ACADEMY PROGRAM MODUL THREE

I. Energy balance of plants

-Dynamic energy balance in plants, own vitality of plants, own plant immunology, own plant resistance

-Dynamic energy balance in plants,

-Dynamic energy balance in plants related to own plant immunology

-Dynamic energy balance in plants with regard to their own vitality

-Dynamic energy balance in plants with regard to their own plant resistance

-Dynamic energy balance in plants and soil

-Dynamic energy balance in ecosystems

II. Practicum

III. Some concepts of plant intelligence

-Homeostase

-Homeodynamics

-Hormone and plant biology

-Xenohormesis

-Importance of hormesis and xenohormesis in evolution - for plants and ecosystems

IV. Cases from our best practice of use of our innovative, energized, sustainable, homeodynamic, products **without active substances** for strengthening plant vitality and thus implicitly their own immunology, their own resistance to plant diseases, pests, stress. (Case3)

IV. How to convert plants & minerals into their own energy? (Part 3)

SECOND YEAR OF ACADEMY PROGRAM MODUL FOUR

I. Individual vortex of plant's and plants shapes

- Differences between plant species
- Differences within the same kind of plant - from where they originate, what causes them
- Energy forms of patterns in alive plants
- Energy signature of specific plant

II. Practicum

III. Complex and individual vortex of ecosystems

- Individual vortex of ecosystems
- Typical vortices of ecosystems

IV. Cases from our best practice of use of our innovative, energized, sustainable, homeodynamic, products **without active substances** for strengthening plant vitality and thus implicitly their own immunology, their own resistance to plant diseases, pests, stress. (Case4)

V. How to convert plants and minerals into their own energy (Part 4)

THIRD YEAR OF ACADEMY PROGRAM MODUL FIVE

I. Plants and current Climate change

- Climate change and their consequences in the light of stressors for plants and natural ecosystems

- Energy level of plants and adaptation to Climate changes

II. Agricultural plants and current climate change

-Climate change and their consequences in the light of stressors for agricultural plants and agricultural ecosystems

- Energy level of agricultural plants and their adaptation to Climate changes

II. Climate changes and plants photosynthesis regarding to ratio of isotopes C12/C13

- Isotope C12 / C13 and their changing ratio in relation to current Climate change
- Isotope C12 / C13 and their changing ratio in association with plant photosynthesis

III. Practicum

IV. Cases from our best practice of use of our innovative, energized, sustainable, homeodynamic, products **without active substances** for strengthening plant vitality and thus implicitly their own immunology, their own resistance to plant diseases, pests, stress. (Case5)

V. How to convert plants & minerals into their own energy ? (Part 5)

THIRD YEAR OF ACADEMY PROGRAM MODUL SIX

I. How to recognize energy signature of plants? Using for their recognition labs or our (dormant, forgotten) tools or both of them?

-Natural plants frequencies – part of language of Nature

-Natural energy influence on (agricultural) plants to strengthen their balance - their vitality and thus implicitly their own immunology, their own resistance to plant diseases, pests, stress.

-Plants and free energy

II. Practicum

IV. Cases from our best practice of use of our innovative, energized, sustainable, homeodynamic, products **without active substances** for strengthening plant vitality and thus implicitly their own immunology, their own resistance to plant diseases, pests, stress. (Case6)

V. How to convert plants into their own energy ? (Part 6)

VI. **Conclusion**

VII. **Ceremony of awarding certificates**
